DAVID J. RAIMONDO & ASSOCIATES

AUTOMOBILE ACCIDENTS, PERSONAL INJURY, MEDICAL MALPRACTICE

David J. Raimondo & Associates is a Suffolk County-based law firm that offers victims of negligence strong plaintiffs' advocacy. Founder David Raimondo brings 23 years of personal injury litigation experience to his practice, along with the extensive resources and experts required to successfully prosecute plaintiffs' cases.

"I consider myself privileged to represent Long Islanders," Raimondo says. "I love to fight for them, and that shows in the attention our firm provides to each and every client and the results that are achieved on their behalf."

Given Long Island's extensive roadway systems, the firm focuses on automobile accident litigation. The firm also handles plaintiffs' construction accidents, products liability, medical malpractice, and various other types of personal injury accidents. In the process, Raimondo has attained seven-figure awards in cases involving brain injuries, paraplegia, wrongful death, spinal cord surgery cases, and traumatic birth injuries.

"I developed a passion in law school to help those who are unable to help themselves and those whose lives have been catastrophically altered through the wrongdoing of others," says Raimondo, who established his firm in 1996. "I get a great deal of satisfaction in making my clients whole again through financial compensation."

Over his career, Raimondo's litigation expertise has earned him the respect of both opposing counsel and the judiciary: he is AV Preeminent® rated by Martindale-Hubbell® and serves as a member of a number of professional associations, such as the New York State Trial Lawyers Association and the Suffolk County Bar Association. Raimondo also gives back to the community by supporting various charities and working with organizations that promote patient safety and the rights of undocumented workers.
